

# May 2, 2015 Mission Scanner Course Sponsored by Western Connecticut Group

At the Sikorsky Airport—CT-022 Headquarters

## Purpose of the School

**This one day course will prepare students to become mission scanner trainees and upon completion of two mission scanner training exercises (or one for Mission Scanner renewals) students will obtain the mission scanner qualification and be eligible to participate in actual missions and apply to participate in the Counter Drug program.**

**Students are expected to complete all prerequisite requirements and obtain their commanders signature stating approval and completion of these requirements.**

*The course is open to all senior members and cadets over the age of 18 in the CTWG.*

## What subjects are being taught?
